8. Acceptance of objections filed late
Dawn Stoller Balcom – 15205 Gebhardt Road filed via e-mail on Monday morning September 26th, which is not within the 48 hour time period. The assessor and the Board agreed to hear the case.
9. Hearing of case

Dawn Stoller Balcom – 15205 Gebhardt Rd. EGV 1099072

Assessment total \$388,000. Mary Stredni swore in Stoller Balcom, Allan Land, and Jeff Thornton. Stoller Balcom provided her Objection Form and two pages of assessments, marked Stoller exhibit one. Testified that an \$82,500 increase over three years is too much. Reviewed several of the properties on her list.

President Palmer asked if there were any significant changes or improvements in her home and asked why she believes the value should be \$305,500, which is the same as the 2013 assessment. Stoller Balcom stated that no – the value should be a little more, closer to neighbor at \$320,000 or \$326,000.

Trustee Domaszek inquired as to what homes on the list she was using. Stoller Balcom stated she was using the whole list; especially 15025 Gebhardt. Trustee Domaszek asked if she talked to the assessor. Stoller Balcom stated that no she had not.

Trustee Haas stated that on the list there is no information as to how many rooms, type of home, finished basement, etc. Inquired as to whether there were any recent sales, as there are sale dates of 2002 to 2015. Anything over three years is irrelevant. President Palmer asked for testimony from assessor.

Allan Land stated that the problem with the list from Stoller Balcom is that there is no information to compare the properties: number of rooms, type of home, condition of home, original quality, etc. The sales are not all relevant.

Jeff Thornton provided market grid, Thornton exhibit 1 and reviewed the subject property and Comparable #1. Attorney de la mora stated that if there have been no improvements, could Thornton provide explanation as to why there was an \$82,500 increase in three years. Thornton stated that he does not have access to assessment information prior to last year to understand how values were made through 2014. But there were enough 2015 sales to compare this property to and the market grid projects a value of \$396,000.

It was again mentioned that the list provided by the objector has no information to be able to compare the properties as just assessments cannot be used.

Thornton testified that even if the kitchen was downgraded to a B, the market value would be \$384,000. President Palmer asked whether Stoller Balcom had further questions of the assessor. She stated – no.

Trustees Domaszek and Kujawa moved and seconded to close the hearing. Motion carried.

Discussion. The objectors list of properties is a comparison of assessments, not sales and there is no information on any of the properties. The assessor's market grid has four properties of the same style, in the same quadrant of the Village, and projects a value of \$396,000, which is more than the current assessment. The market does move up and down. Best estimate would be an arm's length sale. Cannot support the objector's value of \$320,000 to \$326,000. There is not sufficient evidence that the current assessment is too high.

Trustees Haas and Domaszek moved and seconded to sustain the assessor's value as the assessor presented evidence of the fair market value of the subject property, the property

owner did not present sufficient evidence to rebut the accuracy of the assessor, and the property owner's testimony was insufficient to show that the assessment of comparable property is not uniform. By roll call vote motion passed 5-0.

9. No other business

10. Acceptance of assessment roll

Trustees Domaszek and Cornell moved and seconded to accept the assessment roll. Motion carried.

11. Adjourn

Trustees Kujawa and Cornell moved and seconded to adjourn at 8:00 p.m. Motion carried.

Respectfully submitted,

Mary S. Stredni
