Fellow Ad Hoc members,

I am attaching screen shots of an email received from a neighbor regarding a planned legal protest to the development. You will see that these messages date into October (over 3 weeks ago) however, they are not covered in the correspondence page of the website.

In a good faith effort to facilitate transparency to the committee I have already requested this information be shared. We are now at a point where time is of the essence, and in the absence of information being shared by the village directly I am providing screen shots of the message.

Can we, as a committee revive any form of confirmation in advance of tomorrow's meeting that we have received a full picture of correspondence from residents?

I have also shared with the village for records.

Christina
