**Subject:** Reminders Re-Development

Dear Elm Grove Village President, Trustees and Members of Ad Hoc Committee -

My husband and I attended the presentation last night on the Reinders Re-Development held at the Women's Club. We have been residents since 1980 and raised our three children in Elm Grove. Our grandchildren now visit frequently to experience the same small community culture that Elm Grove is revered for. We are opposed to a large apartment complex being built in the heart of our village. We believe that home ownership is what keeps a community grounded. There are plenty of options for apartment living in Brookfield and Wauwatosa. It is our understanding that such a complex is being planned for Bishops Woods at the present time. We are not opposed to such large high-rise apartment complexes being built on Bluemound Road. Such construction does not belong in the most central and coveted location in our village. We would hope that if multi-family construction is approved for the Reinders location that it is townhomes and not apartments and that the small village culture of Elm Grove is maintained.

Curt & Nancy Waddell - Elm Grove residents
