RE: Agenda Items

---

**Item A: Reinders Property presentation of possible development.** As of this time we have not received anything to review prior to the meeting if materials become available prior to the meeting we will forward them to you and post on the Village Website.

**Item B: Update on Ad Hoc Pathway Committee.** The Committee met and reviewed their individual rankings and reasoning for their choices. I have included the completed spreadsheet with the rankings for your review. It is my recommendation the Village Board review these rankings during the process of reviewing the transportation study to best address priorities and strategies moving forward.

**Item C: Resolution 042621 Relocation Order and Resolution of Necessity for Property Acquisition for Daylighting of Underwood Creek.** This resolution and describes the areas to for various easements for the purpose of constructing the project. This will allow staff to move forward with formal discussions with landowners to negotiate these easements. On Monday I will forward for your review the individual property exhibits that will accompany the property rights letters for the property owners.

**If you have any questions please do not hesitate to contact me.**
