What is your educational background and how can it assist your fellow residents?*

bachelors of science in civil and environmental engineering from Marquette University (graduated 2000), Professional Engineer (P.E.), LEED AP (Building Design and Construction); passionate about sustainable development and design and conservation of natural resources, I review review and approving private developments engineering plans for the City of Brookfield (11+ years), manage the City's Neighborhood Traffic Calming Program and oversee other special projects for the Engineering Division.

Do you have any other volunteer experience?*

Bay Shore Lutheran Church - church council (2 years), Tonawanda Elementary PTO (VP, 3 years), Future Cities mentor for Pilgrim Park Middle School students team (3 years)

Do you have any special skills for the assignment you requested?*

I am supportive and excited for the possibilities for Elm Grove reinvestment and redevelopment. Being a new resident myself, I would hope the Village strongly promotes welcoming new diverse and young families and healthy growth. The downtown shops destination is a strong draw but one that needs to be maintained and not forgotten. I am interested in solutions for problems and aim for improvements to be constructible, aesthetical pleasing and the best value for the community as a whole.

Do you have any other comments you would like the Village President to know?

I am interested in serving on one committee, whichever one has the most need or I am the best fit for. I have strong attention to detail and do enjoy helping people.

If you would like to upload any additional information or a resume, please do so here.
