

# MEMO

TO: Ad Hoc Pathway Committee  
FROM: Tom Harrigan  
DATE: September 22, 2023  
RE: Review of Agenda for September 25, 2023

---

The Village Board will be taking action to formally direct Ruckert & Mielke to begin engineering review in 2023 for the pathway on Highland Avenue from North Avenue to Gebhardt Road. The Board has also requested that the Pathway Committee be given information that was provided by Village Engineers to make them aware of updated costs. Included in the packet is the previous ranking worksheet that was finalized in November of 2021 and the updated cost worksheets that have been provided by Ruckert & Mielke.

The committee has been requested to review the rankings as previously approved. Forthcoming the night of the meeting will also be correspondence received from residents who live along Victoria Circle for your review.
