RE: Letter of Intent to Purchase Fire Apparatus

Mr. Deangelis,

PyroHMA has offered to help the Elm Grove Fire Department sell their existing 2017 Ford F550 apparatus with the ultra-high pressure system installed. Based on conversations we are having with a several ultra-high pressure utilizing fire departments, we believe we can be successful in selling the truck "as-is" and we are willing to coordinate the purchase of the apparatus from The Village of Elm Grove for a price not to exceed \$220,000 (Two-Hundred Twenty Thousand Dollars). This offer is subject to the sale of the apparatus to an existing customer. We believe the process to purchase the unit will take approximately 90 days and we would need a guarantee that we can exclusively market the unit on behalf of The Village of Elm Grove.

Since time is of the essence, we need a response no later than February 28, 2023 as to a plan to move forward. We appreciate your desire to transfer this apparatus out of the department and look forward to facilitating this process for you.

I am available at scott@pyrohma.com or 214.649.5564.

Kind regards,
