Why would you like to serve the Village of Elm Grove as Trustee:

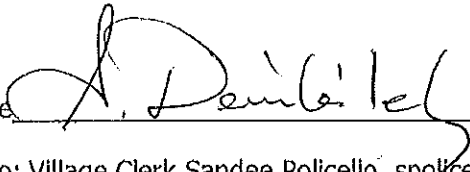

<p>I have been living Brookfield last 14 years and last two years Elm Grove. I am strongly interested in serving the community as Board of Trustees Vacancy. I have lot of leadership experience including non-profit board member experience. My education and business background equips me with the skillset needed to make critical decisions. I have the experience working with government, and the experience of having run business operations in large and small organizations. There is no doubt that the role of Trustee in Elm Grove is an important and serious position, requiring someone who can both think critically and ask probing questions to ensure that we have accurate information upon which to make decisions. Trustees should adopt a predictable and replicable way to assess issues. They must be able to synthesize data points – including those anecdotes, comments and conversations with stakeholders in the community. These must be balanced and considered, and only then should a decision be rendered. I have a vested interest in the future of Elm Grove, as this is the place that my wife and I have chosen for our twin boys. I am committed and focused.</p>
