RE: ZA
Application for "Class B" Liquor and Class "B" Beer License

For your review and consideration is an application submitted by ZA for a reserve liquor/beer combination license for their premise located at 13300 Watertown Plank Road. The proposed licensed premise area includes the entire square footage of Units A and B, totaling 3,135 sq ft. The application is complete with no concerns, including a clean background check for the appointed agent. The prorated fees and the \$10,000 one-time reserve license fee will be paid prior to issuance.

The issuance of this reserve license will reduce the number available in the Village to three.
