**Subject:** Holtan project 910 Katherine Drive garage doors

Hi Tom,

For the Holtan project, we had previously received approval for the prefinished garage doors. The client would like to change this color.

The color approved previously was "Cedar" and we would like the "Mahogany" color instead.

---

### *Planks and Skyline Flush* ACCENTS WOODTONES

Walnut

Driftwood

Mahogany

Please advise what I need to do for approval on this color change.

This would also be the color for front door and rear door, as requested previously.

Thank you!
