Hi tom,

Forgot to mention and speaking as a citizen, I would recommend two slivers of trails connecting neighbors to elm grove park and to Oak Leaf/Hank Aaron Trail:

1. As mentioned in the past a couple times, a path extending south on the west side of the elementary school by San Fernando Drive to connect neighborhood to the park from underwood river parkway.
2. A path continuing south of the dead end of N. 124th street (within Utility ROW/easement with their permission of course) to connect neighborhoods to the Hank Aaron (opening soon) and Oak Leaf Trail.

Rick
