Hi Neil (if I may),

I've been meaning to send you a note for a while; I was at the Open House at Sunset back in September. Tough room!

I just wanted to let you know that some of us in the Village--my wife Maggie and I, at least--think the Master Plan is just dandy, and are not only open to the idea of higher-density housing in and around the downtown area, but positively enthusiastic about the prospect. (I'm not sure the nay-sayers realize that the more-vibrant and business-friendly downtown many of them desire would likely require the kinds of residents such housing would attract in order to be sustainable.)

Anyway, we appreciate the work you're doing, and thought you might like to hear from someone with that view.

All the best,

Matt Knachel
