Subject: Mandel Project

Dear Mr. DeAngelis,

I am a 31 year resident of the village velm grove. It is truly the most wonderful place to live and bring up a family. I am contacting you to voice my opinion on the Mandel projec that is up for discussion. I am in favor of it for 2 main reasons. The 1st reason is to bring city water into Elm Grove. That will enhance the village. Secondly is the increased tax base that will be created. I know that we could definitely use those funds to improve the quality of our already great existence that we enjoy in Elm Grove. Thank you for taking time to hear me,
