Subject: Support for the revised plan for School Sisters of Notre Dame Project

Dear Village of Elm Grove Board of Trustees:

I wanted to follow up on my previous letter of support as it has come to my attention that there will be a Board meeting on January 25th to discuss the updated proposal presented by the Mandel Group. Unfortunately, I am out of town and cannot attend the meeting.

I am hoping the Board can move this proposal forward and the Village can continue it's evolution as a "go to" place to live & enjoy a high quality of life. The opportunity to do this type of project on such a unique piece of land seems like one that the Village cannot pass up. The reasonable density increase could help bring more healthy activity and a desire to have businesses locate to serve the population. We don't want our downtown area to become irrelevant without this type of investment.

I am familiar with other Mandel projects and have been extremely impressed by the quality work and aesthetic appeal they brought to previously neglected areas. Here is our chance to make good even better.

Thanks for your diligence in working through the process and I appreciate your commitment to our wonderful Village.
